Vanco International, LLC ADDS TO HOME THEATER SELECTION

Batavia, IL. October 13, 2006- Vanco International, LLC, an innovative supplier of electronic accessories to the home theater, low voltage, and electronic distributor markets for over 50 years, has added a 1 x 4 Digital HDMI™ Splitter/Extender (Part No. 280327) to its home theater offerings.

This new product allows one HDTV audio/video device with a HDMI output, such as a digital cable box or DVD player, to be connected to up to four HDTV display devices with HDMI inputs for simultaneous display. It is ideal for home theaters, conferences, conventions, restaurants, schools, and corporate training presentations. This new product also can be used as an extender by placing it at the end of a long HDMI cable to regenerate the HDMI signal. No matter what the use, Vanco's 1 x 4 Digital HDMI™ Splitter/Extender distributes clean and superior digital audio and video signals to up to 4 HDTV's while maintaining high definition 1080p, 1080i, 720p, 480p and 480i resolutions. This item is also H.D.C.P. (High Definition Copy Protocol) Compliant.

Vanco International, LLC is pleased to "Advance Connectivity" by adding this new item to the wide variety of innovative home theater products currently available.
