# Market Solutions

An Integrated Approach to AV System Design

Featuring TAA compliant products from:  
Vanco | Evolution | Beale Street Audio | PulseAudio

You obsess over every detail of your project. So does Vanco. For over 60 years, we've engineered, manufactured, and sold AV products and accessories for the professional integrator. No matter the size or scope, Vanco has you covered with certified HDMI cables, AVoIP solutions, patented architectural speakers, award-winning video conferencing, and everything in between.

## Brands You Can Trust

We're committed to helping the AV dealer and distributor succeed in creating high-quality customer experiences across home theater, premium audio, and commercial installations. We pride ourselves on the quality and consistency of our products so rigorous testing is performed to ensure consistent performance for the lifecycle of all Vanco branded products.

Vanco International's 60-year legacy in the AV industry began with our self-titled brand. The Vanco line includes a comprehensive range of value priced cables, connectors, mounts, networking solutions, and more. With flexible returns and a lifetime warranty on all cables, integrators can spec their commercial and residential projects with total confidence.

- CABLES
- CONNECTORS
- MOUNTS & RACKS
- NETWORKING
- IR DISTRIBUTION

Evolution offers premium AV distribution products for the professional integrator. Backed by a 10-year warranty, this line includes AVoIP, extenders, splitters, matrix units, and more, curated specifically for video walls, digital signage, and multi-view applications. All these products are at the forefront of AV technology and are 100% Q.C. tested at our U.S. headquarters.

- EXTENDERS
- AV OVER IP
- MATRIX UNITS
- VIDEO WALLS
- MULTI-VIEW

Beale Street Audio architectural speakers with patented Sonic Vortex technology eliminate sound bleed and direct it where it's meant to be heard. With 8ohm and 70/100V options, our speakers, subwoofers, and amplifiers deliver deeper outputs than traditional in-ceiling/wall speakers. Transform any space into an immersive audio experience with Beale Street Audio.

- SPEAKERS
- SUBWOOFERS
- AMPLIFIERS
- COMMERCIAL
- FIRE PROTECTION

PULSEAUDIO

PulseAudio is an active audio accessories line crafted for superior audio performance. Based on industry input, this expanding lineup includes easy-to-integrate audio extenders, converters, receivers, amplifiers, and an award-winning collaboration video bar. This selection of products provides targeted solutions any residential or commercial audio system.

- EXTENDERS
- CONVERTERS
- RECEIVERS
- AMPLIFIERS
- VIDEO CONFERENCING

## Hospitality Solutions

Bars & Restaurants | Fitness Centers | Hotels & Casinos

Create elevated hospitality experiences that harmonize ambiance with technology. With Vanco, you can create scalable and reliable video walls, digital signage, and video distribution systems to transform any bar, restaurant, or brewery into an entertainment destination. Powerful Beale Street Audio amplifiers and discrete pendant speakers deliver crystal-clear program audio or music to set the mood. Partner with Vanco to deliver the ultimate guest experience.

FEATURED PRODUCT

### AV Over IP Solution

Evolution: EVO-IP

The award-winning AV over IP system delivers the ability to manage, transmit, and receive audio/video signals and control hundreds of devices over a local network. EVO-IP is fully customizable, easy to design, integrate, and install. With the ability to transmit virtually lossless 4K HDR resolutions with IR/RS-232 control, this is the perfect point-to-point, splitter, switch, matrix, and video wall solution.

| PART NUMBER | DESCRIPTION  | KEY FEATURES  |
|-------------|--|---|
| EVMX88PRO   | 4K HDBaseT 8x8 Matrix with ARC, IR, IP, and RS-232   | Outputs 4K@60Hz, 4:4:4 chroma, HDR10, and Dolby Vision                |
| EVO-IP      | AV Over IP Solution                                     | 4K HDMI distribution for video walls, digital signage, and multi-view |
| EVSP24VW    | Expandable 4K 2x4 HDMI Video Wall Processor  | Two HDMI inputs for multi-source video wall configurations            |
| BAV4250     | 1000W, 4-Channel Amplifier                              | Compatible with 4/8 ohm and 70/100V audio systems                     |
| TIC651      | 6.5" In-Ceiling Commercial Speaker   | 70/100V speaker with patented Sonic Vortex technology                 |
| WP6V-BSC    | 6.5" On-Wall/Pendant Speaker   | IP66 rated and can be hung, mounted, or secured in the ground         |
| PA-WPMIX    | Wall Plate Mixing Microphone and Analog Audio Extender  | Extends balanced XLR and 3.5mm stereo audio up to 984ft (300m)        |
| VWA3770     | Video Wall Mount for 37" to 70" Displays   | VESA compatible and supports up to 99lbs (45kg) displays              |

# Corporate Solutions

Conference Rooms | Medical Offices | Security & Control

Vanco offers the solution mix you need to roll out user-friendly, scalable solutions across the modern workplace. Create affordable, intelligent huddle spaces, and conference rooms to support hybrid workforces using Vanco's affordable, award-winning collaboration solutions. Support executive board rooms and training facilities with exceptional USB extension, distributed audio, and mounting solutions. From sleek video bars and collaboration switchers, to certified HDMI cables and programmable control keypads, streamline ordering and customer support by partnering with Vanco.

FEATURED PRODUCT

## Collaboration Video Bar

PulseAudio: PA-CVB1

Advanced AI allows for multiple framing technologies such as face detection, sound positioning, and voice tracking to automatically frame meeting participants and adjust focus to always present the best view. Plug and play USB 3.0 connectivity, along with a 3.5mm stereo audio input allows for quick and seamless integration to any video conferencing equipment or software anywhere, and anytime.

| PART NUMBER | DESCRIPTION  | KEY FEATURES  |
|-------------|--|---|
| EVCTL10B    | 10 Button Programmable Control Keypad              | Controls actions/devices over TCP/IP or RS232 protocols   |
| EVS4K41     | 4K 4x1 Multi-Format Wireless Collaboration Switch  | Connect via HDMI, USB-A, USB-C, Miracast, or Airplay      |
| TIC651      | 6.5" In-Ceiling Commercial Speaker                 | 70/100V speaker with patented Sonic Vortex technology     |
| PA-CVB1     | Collaboration Video Bar                            | Face detection, voice tracking, and ultra-wide 4K lens    |
| PAV1100     | 100W, Single Channel Amplifier                     | Switchable between 70/100V with 3-level mic inputs        |
| HDMICP      | Certified Premium High Speed HDMI Cable            | Supports 4K@60Hz, 4:4:4 chroma, and HDR resolutions       |
| POP4390     | Pop Out TV Wall Mount for 43" to 90" Displays      | VESA compatible and supports up to 165lbs (75kg) displays |
| USB3AOC-AMF | USB 3.2 Type A Male to Female Active Optical Cable | Extends USB 3.2 devices up to 99ft (30m)                  |

# Education Solutions

K-12 Institutions | Higher Education | Huddle Spaces

Vanco equips educational institutions with the tools to foster interactive learning environments. From K-12 classrooms to university lecture halls, our comprehensive AV solutions support dynamic teaching methods and student engagement. Our intuitive collaboration switchers, superior sound systems, and robust mounting solutions make technology integration seamless. With Vanco, educators can focus on delivering curriculum, not on tech hurdles, ensuring a streamlined experience for all.

FEATURED PRODUCT

## 4K 4x2 Seamless Audio and Video Matrix with Multi-View

Evolution: EVMX42MV

The EVMX42MV can transmit 4K@60Hz, 4:4:4 chroma, and HDR resolutions. 4 HDMI sources can be displayed on 2 displays independently or with multi-view. Users can view one, two, three, or all four sources at once using any of the eight different display modes. This is a great solution for sports bars, collaboration spaces, and more.

| PART NUMBER | DESCRIPTION  | KEY FEATURES   |
|-------------|--|--|
| EVCTL10B    | 10 Button Programmable Control Keypad                  | Controls actions/devices over TCP/IP or RS-232 protocols |
| EVEXKVM3    | 4K HDMI Extender with KVM                              | EDID management and HDMI loop-out for local monitoring   |
| EVMX42MV    | 4K 4x2 Seamless Audio and Video Matrix with Multi-View | Distributes 4 HDMI sources to 2 displays with multi-view |
| EVS4K41KVM  | 4x1 HDMI Switch with Quad-View and KVM USB Control     | Controls 4 sources with one keyboard and mouse           |
| TIC651      | 6.5" In-Ceiling Commercial Speaker                     | 70/100V speaker with patented Sonic Vortex technology    |
| PA-CVB1     | Collaboration Video Bar                                | Face detection, voice tracking, and ultra-wide 4K lens   |
| PA-WPMIX    | Wall Plate Mixing Microphone and Analog Audio Extender | Extends XLR and 3.5mm stereo audio up to 984ft (300m)    |
| VWA3770     | Video Wall Mount for 37" to 70" Displays               | VESA compatible and supports up to 99lbs (45kg) displays |

# Retail Solutions

Shopping Centers | Department Stores | Boutiques | Dealerships

Vanco transforms retail spaces into dynamic shopping experiences. Engage customers with vibrant digital signage and expansive video walls powered by our cutting-edge EVO-IP and HDMI video processors. Set the atmosphere with our 1000W, 4-channel amplifiers and 6.5" 70/100V in-ceiling commercial speakers, ensuring your announcements and background music are delivered with crystal-clear sound. Partner with Vanco to captivate and immerse shoppers, making every visit memorable with state-of-the-art AV solutions.

FEATURED PRODUCT

## Expandable 4K 2x4 HDMI Video Wall Processor

Evolution: EVSP24VW

The EVSP24VW can support a 16x16 array of displays in any video wall configuration. This splitter has two HDMI loop-outs that can be used for local monitoring or to cascade into other units for even larger video walls. It also features dual HDMI inputs, enabling multiple source content configurations or switching between sources.

| PART NUMBER | DESCRIPTION  | KEY FEATURES  |
|-------------|--|---|
| EVMX42MV    | 4K 4x2 Seamless Audio and Video Matrix with Multi-View   | Distributes 4 HDMI sources to 2 displays with multi-view              |
| EVO-IP      | AV Over IP Solution         | 4K HDMI distribution for video walls, digital signage, and multi-view |
| EVSP24VW    | Expandable 4K 2x4 HDMI Video Wall Processor  | Two HDMI inputs for multi-source video wall configurations            |
| BAV4250     | 1000W, 4-Channel Amplifier  | Compatible with 4/8 ohm and 70/100V audio systems                     |
| PESV        | Pendant Speaker Enclosures   | Water, weather, and UV resistant for indoor/outdoor use               |
| TIC801      | 8" 70/100V In-Ceiling Commercial Speaker   | 70/100V speaker with patented Sonic Vortex technology                 |
| PAV1100     | 100W, Single Channel Amplifier   | Switchable between 70/100V with 3-level mic inputs                    |
| VWA3770     | Video Wall Mount for 37" to 70" Displays   | VESA compatible and supports up to 99lbs (45kg) displays              |

# Government Solutions

Emergency Services | City Councils | Court Rooms | Community Centers

Vanco streamlines governmental communications with advanced AV solutions. Our extensive selection, including uncompressed 4K extenders and AVoIP systems, ensures high-definition video distribution in meeting spaces and across facilities. Utilize our fiber HDMI extenders for secure, long-range connectivity, and reliable 70/100V speakers paired with robust amplifiers to clearly broadcast announcements. Trust Vanco to enhance efficiency in government settings, delivering seamless meetings and training sessions with state-of-the-art technology.

FEATURED PRODUCT

## 4x1 HDMI Switch with Quad-View and KVM USB Control

Evolution: EVSW41KVM

This switch is a perfect solution to connect and control multiple computers or security network video recorders (NVRs) using a single keyboard and mouse. The EVSW41KVM accepts up to 4 HDMI inputs, up to 1080P@60Hz, which can be displayed one at a time or simultaneously in quad-view mode showing one input in each corner.

| PART NUMBER   | DESCRIPTION  | KEY FEATURES  |
|---------------|--|---|
| EVEXFBRK1     | HDMI Extender over Fiber with KVM USB Pass-Through   | Extends 4K signals 6.2mi (10km) over duplex single mode fiber         |
| EVEXHDB3      | 4K HDBaseT Extender with eARC, KVM, PoH, and Ethernet  | Extends uncompressed 4K resolutions up to 328ft (100m)                |
| EVO-IP        | AV Over IP Solution                 | 4K HDMI distribution for video walls, digital signage, and multi-view |
| EVSW41KVM     | 4x1 HDMI Switch with Quad-View and KVM USB Control   | Controls 4 sources with one keyboard and mouse                        |
| TIC651        | 6.5" 70/100V In-Ceiling Commercial Speaker   | 70/100V speaker with patented Sonic Vortex technology                 |
| PAV1100       | 100W, Single Channel Amplifier   | Switchable between 70/100V with 3-level mic inputs                    |
| FF109-FRSC-XL | Fire Rated Speaker Cover (10-pack)  | 60-minute fire protection for Sonic Vortex speakers                   |
| UHFDFBR       | Active Optical HDMI Fiber Cable with HDR   | Transmits 4K@60Hz, 4:4:4 chroma, HDR up to 330ft (100m)               |

# Venue Solutions

House of Worship | Live Entertainment | Convention Centers | Arenas

Transform venues into captivating spaces with Vanco's AV solutions that are designed for scalability and ease of use. Our EVO-IP, multi-view, and video wall solutions create captivating displays. For pristine audio, our 1000W amplifiers power patented Sonic Vortex 70/100V in-ceiling speakers, delivering rich sound without disturbing adjacent areas. We ensure an impeccable audience experience in any house of worship, theater, or auditorium, with technology that simplifies both integration and operation.

## FEATURED PRODUCT

### Wall Plate Mixing Microphone and Analog Audio Extender

Evolution: PA-WPMIX

The PA-EXMIX extends analog audio and microphone signals up to 984ft (300m). Mixing is done with an easy-to-use dial on the transmitter that mixes audio between the XLR and stereo AUX inputs. It features PoC (Power over Cable) technology so the transmitter can be powered from the receiver with a single power supply.

| PART NUMBER | DESCRIPTION  | KEY FEATURES  |
|-------------|--|---|
| EVMX42MV    | 4K 4x2 Seamless Audio and Video Matrix with Multi-View   | Distributes 4 HDMI sources to 2 displays with multi-view              |
| EVO-IP      | AV Over IP Solution                                     | 4K HDMI distribution for video walls, digital signage, and multi-view |
| BAV4250     | 1000W, 4-Channel Amplifier                              | Compatible with 4/8 ohm and 70/100V audio systems                     |
| PESV        | Pendant Speaker Enclosures   | Water, weather, and UV resistant for indoor/outdoor use               |
| TIC801      | 8" 70/100V In-Ceiling Commercial Speaker   | 70/100V speaker with patented Sonic Vortex technology                 |
| PA-WPMIX    | Wall Plate Mixing Microphone and Analog Audio Extender  | Extends XLR and 3.5mm stereo audio up to 984ft (300m)                 |
| UHDFBR      | Active Optical HDMI Fiber Cable with HDR   | Transmits 4K@60Hz, 4:4:4 chroma, HDR up to 330ft (100m)               |
| VWA3770     | Video Wall Mount for 37" to 70" Displays   | VESA compatible and supports up to 99lbs (45kg) displays              |

# Residential Solutions

Home Theaters | Whole House Audio | Outdoor Spaces

Craft the ultimate home entertainment experience with Vanco's residential AV solutions. Create stunning, flexible home theater and media rooms with Vanco's video matrix, videowall controller, and UHD video extension solutions. Instantly transform a backyard into an entertainment and relaxation oasis with our outdoor speaker kit, and fill every room with high-fidelity sound with rich sound from patented Beale Street Sonic Vortex architectural speakers. Vanco's reliable, high-performance products offer everything needed for a fully integrated, state-of-the-art living space.

## FEATURED PRODUCT

### ARC Digital Audio Extender

PulseAudio: PAEXARC1

The PAEXARC1 is an ARC digital audio extender that allows digital audio to be routed from a display, back to a remote location or amplifier, over a single Cat5e/6 cable up to 492ft (150m). For displays without ARC capability, or when ARC settings are not working as they should, the built-in "ARC Backup Plan" is featured where audio can still be extended utilizing SPDIF.

| PART NUMBER | DESCRIPTION  | KEY FEATURES   |
|-------------|--|--|
| EVMX42MV    | 4K 4x2 Seamless Audio and Video Matrix with Multi-View | Distributes 4 HDMI sources to 2 displays with multi-view         |
| EVMX44PRO   | 4K HDBaseT 4x4 Matrix with ARC, IR, IP, and RS-232     | Distributes 4K sources up to 131ft (40m) over a Cat6 cable       |
| EVMX44VW    | 4K 4x4 Seamless Audio and Video Matrix with Video Wall | 4K matrix that can switch to a 2x2 video wall display            |
| IC6-BB      | 6.5" In-Ceiling Speaker                                | Premium in-ceiling speaker with patented Sonic Vortex technology |
| LSKIT-BSC   | Outdoor Speaker Kit with Landscape Subwoofer           | Includes 4 outdoor speakers and 1 landscape subwoofer            |
| PAEXARC1    | ARC Digital Audio Extender                             | Extends digital audio signals up to 492ft (150m)                 |
| UHD8K       | Certified Ultra High Speed 8K HDMI Cable               | Transmits 8K@60Hz, HDR resolutions up to 66ft. (20m)             |
| AM3780      | Articulating Mount for 37" to 80" Displays             | VESA compatible and supports up to 99lbs (45kg) displays         |

# MDU Solutions

Apartments | Condominiums | Campus Environments

Vanco's audiovisual solutions for multi-dwelling units (MDUs) enrich communal spaces without disrupting the peace. Patented Beale Street Audio Sonic Vortex 70/100V in-ceiling speakers ensure clear, contained sound in shared environments, while our in-wall speakers offer a powerful auditory experience that's felt, not overheard. The EVO-IP system revolutionizes digital signage, creating engaging, informative communal areas. Amplify the MDU experience with Vanco, bringing together smart design and sophisticated living.

## FEATURED PRODUCT

### 6" In-Ceiling/Wall Speaker

Beale Street Audio: ICW6-MB

Beale Street Audio speakers employ patented Sonic Vortex technology designed to eliminate sound bleed and ensure consistent sound in any environment. Sound from the woofer reverberates down a long, damped pathway before being redirected into the intended listening area. The ICW6-MB features a 6.5" fluted injected poly woofer, 1" aluminum dome tweeter, and can be mounted securely inside a wall or ceiling with its slim profile.

| PART NUMBER | DESCRIPTION   | KEY FEATURES  |
|-------------|---|---|
| EVO-IP      | AV Over IP Solution                                      | 4K HDMI distribution for video walls, digital signage, and multi-view |
| BAV4250     | 1000W, 4-Channel Amplifier  | Compatible with 4/8 ohm and 70/100V audio systems                     |
| ICW6-MB     | 6" In-Ceiling/Wall Speaker  | In-ceiling/wall speaker with Sonic Vortex technology                  |
| IWLCR4-BB   | Dual 4" LCR 2-Way In-Wall Speaker   | Premium in-wall home theater speaker with dual woofers                |
| TICW401     | 4" In-Ceiling/Wall Commercial Speaker   | 70/100V speaker with patented Sonic Vortex technology                 |
| PA230BWA    | 30W, 2 Channel, In-Wall Addressable Bluetooth Amplifier  | Supports auto source switching with priority for Bluetooth            |
| POP4390     | Pop Out Mount for 43" to 90" Displays   | VESA compatible and supports up to 165lbs (75kg)                      |
| UHFDFBR     | Active Optical HDMI Fiber Cable with HDR  | Transmits 4K@60Hz, 4:4:4 chroma, HDR up to 330ft (100m)               |

# Outdoor Solutions

Bars & Restaurants | Backyards & Patios | Retail Spaces | Common Areas

Enhance outdoor ambiances with Vanco's audio solutions, perfect for bars, restaurants, and breweries. Beale Street pendants and landscape subwoofers deliver rich, full-spectrum sound, enveloping outdoor seating areas in high-quality audio. Simplify design and ordering with the Beale Street Outdoor speaker kit, which includes all the speakers and accessories for a complete outdoor sound reinforcement solution. Coupled with our robust 1000W 4-channel amplifier, Vanco sets the scene for memorable experiences under the open sky.

## FEATURED PRODUCT

### Outdoor Speaker Kit with Landscape Subwoofer

Beale Street Audio: LSKIT-BSC

The LSKIT-BSC is a complete outdoor speaker system that delivers on value, price, and quality. Each of the 4 on-wall/pendant speakers can either be hung, mounted, or planted in the ground. The 10" downfiring landscape subwoofer completes the system by providing exceptional bass that enhances the audio experience.

| PART NUMBER | DESCRIPTION  | KEY FEATURES   |
|-------------|--|--|
| BAV4250     | 1000W, 4-Channel Amplifier  | Compatible with 4/8 ohm and 70/100V audio systems            |
| LS10B-BSC   | 10" Down-Firing Landscape Subwoofer  | Weather and water resistant to withstand sun, rain, and wind |
| LSKIT-BSC   | Outdoor Speaker Kit with Landscape Subwoofer   | Includes 4 outdoor speakers and 1 landscape subwoofer        |
| PESV        | Pendant Speaker Enclosures   | Water, weather and UV resistant for indoor and outdoor use   |
| W5VB-BSC    | 5.25" On-Wall Indoor/Outdoor Speaker   | Indoor and outdoor use for 8 ohm and 70/100V systems         |
| WP6V-BSC    | 6" On-Wall/Pendant Speaker   | IP66 rated and can be hung, mounted, or secured in ground    |
| WPV-LAND    | Landscape Accessory Kit  | Mounts on-wall/pendants in the ground or to hard surfaces    |
| PAEXARC1    | ARC Digital Audio Extender   | Extends digital audio signals up to 492ft (150m)             |
